### Termination of Employment

Under Washington law the superintendent has the authority to issue an appropriate notice of probable cause for discharge or nonrenewal to any certificated staff member. The board of directors will consider the notice of probable cause for a certificated staff member, or the superintendent's recommendation regarding the discharge of a classified staff member, and render a decision regarding the discharge or nonrenewal. A notice of discharge will include notice of any appeal rights the employee may have and notice of the appeal processes.

#### 1. Release from Contract

A certificated staff member may be released from contract under the following conditions:

- A. A letter requesting release shall be submitted to the superintendent's office. If accepted by the board at its next meeting, the staff member shall be released from contract.
- B. A release from contract may be granted by the board to allow a staff member to accept another position prior to or during the school year provided a satisfactory replacement can be obtained.
- C. A release from contract may be granted by the board in case of illness or other personal matters which make it a substantial hardship for the staff member to continue their employment in the District.
- D. Each request shall be determined upon its own merits. The needs of the District and continuity of the educational program offered to students shall receive primary consideration in the board's decision.

#### 2. Resignation

In order to permit proper staff planning and to minimize inconvenience to others who may be affected, certificated staff who plan to resign at the end of their contract period are requested to notify the superintendent of their resignation or retirement by April 1.

Those staff who are not contractually obligated to complete the current school year should notify the superintendent as early as possible of their intent to resign and no less than 30 days prior to their last working day.

#### 3. Retirement

Staff shall participate in the retirement programs under the Federal Social Security Act and the Washington State Teachers' Retirement System or the School Employees' Retirement System. Payroll deductions shall be made and paid into the respective retirement programs in the manner prescribed by law.

Staff who become eligible to retire under the controlling retirement system and who intend to retire at the end of the current school year are requested to notify the superintendent prior to April 1st of that year.

Those staff intending to retire who are not contractually obligated to complete the current school year should notify the superintendent as early as possible and no less than 30 days prior to their retirement date. Because of their contribution to the children of the District,

retiring staff shall be given appropriate recognition. The District office may assist them in making arrangements for their retirement benefits.

4. Probation, Non-renewal or Termination

The employment contracts of individual certificated staff may be non-renewed at the end of the staff member's contract period by action of the superintendent. Such non-renewals may be based upon unsatisfactory performance or changes in the District's financial circumstances and/or staffing needs. Except for "provisional employees," non-renewals for unsatisfactory performance shall be preceded by a probationary period.

The superintendent shall establish procedures to assist those certificated staff whose performance, through the evaluation process, does not meet minimum requirements. The District may require the teacher to take in-service training provided by the District in the area of teaching skills needing improvement.

Classified staff are granted provisional status during the first 90 calendar days of employment. During that period of time, they are subject to termination without advance notice. Upon satisfactory completion of 90 calendar days of consecutive service, a staff member may be granted regular status. Regular status classified staff are employed on a month-to-month basis and shall be provided at least five days notice before termination. Such staff member shall be entitled to an informal pre-termination meeting with the superintendent prior to any action by the board of directors.

5. Program and Staff Reductions

Program and staff reductions may be required as a direct result of enrollment decline, failure of a special levy election or other events resulting in a significant reduction in revenue; or termination or reduction of funding of categorically-funded projects. The board shall, after a review of such indicators as test results, community surveys, informal and formal statements of support and/or opinion, and the District's statement of philosophy, identify those educational programs and services which shall be reduced, modified or eliminated.

When the reduction, modification or elimination of programs and/or services necessitates a reduction in staff, the board shall retain staff members based upon service in the state of Washington and qualifications and experience necessary for the retained position.

A staff member who receives notice of non-renewal of contract due to enrollment decline or loss of revenue may, in their request for a hearing, stipulate that initiation of the arrangements for a hearing officer shall occur within ten (10) days following July 15, rather than the day the staff member submits the request for a hearing.

The superintendent shall develop procedures to implement this policy except that any staff agreement in effect shall supersede this policy.
