3:30-5:00 PM

Policies 3211 and 3241 were reviewed. 3211 is the transgender students policy that will be sent back to the school board for a second reading. 3241 is policy related to discipline and corrective action. The committee reviewed WSSDA reasoning for revision of existing policy. Revisions based on changes in law related to the passage of Engrossed Substitute Senate Bill 5946.

The committee reviewed Policy 3231 related to student records. WSSDA provided revision language to be considered with this policy.

The committee worked on making sure that the Responsible Use Compact aligned with language in its host policy 3207.

The committee continued to work on Policy 3300 (Wellness and Nutrition/Competitive Foods) and Policy 6700 to align and connect these two policy statements and their procedures.

The committee discussed IMC Task Force work and how to best support it in terms of policy implications.

Meeting adjourned 5 PM
