Approve: American Red Cross Agreement 2013-2018.

Correspondence: The Board reviewed the following correspondence:

- Email from V. Howard regarding supplemental contracts
- Email from T. Janssen regarding Toulouse Home-Stay Exchange

Reports

High School ASB Athletic Report for 2012-13 – Principal Ehrhardt

Principal Ehrhardt explained revenues and expenditures for each sport for 2012-13. Ms. James-Wilson asked what the procedure is if a club/sport ends up in the red. Principal Ehrhardt explained that the ASB will cover that loss, then that club/sport will need to fundraise to pay back that amount. Mr. LeMaster asked about the difference in coach salaries between fall/winter and spring sports, and Ms. Daly asked for an unduplicated count of sport participants. Ms. Ehrhardt will report back on those questions. Ms. Ehrhardt reported that the High School is in compliance with Title IX, Equity in Sports.

Energy Grant Update – Brad Taylor, Director of Support Services

Mr. Taylor reported on the following projects:

- Roofing of Gael Stuart Building – 90 % complete
- Heating Controls – 80% complete
- Weatherization of most buildings – complete
- Air-handling unit at High School – tested next week
- Outdoor lighting at High School – completed, and is now on timers instead of motion sensors
- High School gym lighting – completed
- Resurfacing of track at Blue Heron – beginning soon

McKinstry will monitor over the next two years to test levels of improvement. Ms. James-Wilson said she participated in a walk-through with McKinstry, and praised the assistance of Brad Taylor and Robert Heck with the projects.

Superintendent: Superintendent Engle reported on the following:

- Migration of District email to Outlook
- Board self-assessment tool on WSSDA (Washington State School Directors' Association) website, which should be completed by each board member before the Board Retreat on September 16, 2013.
- Mascot selection process. Three groups will begin the process; community, student, and staff, with a decision scheduled for June, 2014
- Native American Curriculum Conference, August 26 and 27, attended by three staff members.
- Hiring of Ann Healy-Raymond as Library/Media Specialist and Scott Wilson as District Athletic Director
- MOU's (Memorandum of Understanding) with the Northwest Maritime Center for possible sharing of space, fundraising and professional development.
- August 27 back-to-school activities, including a staff luncheon from 12-2 p.m. at Blue Heron School.

Business Manager – Sara Bonneville

Ms. Bonneville handed out a copy of Port Townsend District's 2013-14 budget which has been approved by OSPI (Office of Superintendent of Public Instruction). She also went through the financial summary of all accounts and reported on enrollment and staffing. Ms. Bonneville explained that the District may not meet the fund balance target for 2012-13. Discussion followed. Ms. Bonneville went through the budget status report for July, 2013.

Ms. James-Wilson recessed the meeting at 8:07 p.m. for approximately ten minutes. The meeting was reconvened at 8:12 p.m.

Action Items

Approval of Policy 5240 – Evaluation of Staff:

Student growth data in Paragraph 2 was discussed. Evaluation of principals and assistant principals was discussed. Ms. Burkart moved to approve Policy 5240. Holley Carlson seconded and the motion carried 5-0.

Unfinished Business

Clarification of questions from Pat Morello from the July 8, 2013 board meeting

Ms. James-Wilson read those questions and the following answers:

Question 1: Other than contributions from those organizations, what is your plan for raising money to pay for the work?

Answer: Our plan is to fully assess the costs, then raise money, if needed.

Question 2: Ms. Morello requested to skip the question regarding the Resolution and Treaty Claim by the Jamestown S’Klallam tribe.

Question 3: You stated in your answers that the board took a proactive position on changing the name, but did not state why the board decided to make the change now, when the district is short of funds.

Answer: Monetary cost was not perceived to be a prohibitive factor in making the mascot change.

Question 4: What repairs will be accomplished with the energy grant awarded to the District?

Answer: Brad Taylor answered this question in his presentation tonight.

Question 5: Will local tribes be involved in personalizing the proposed Native American curriculum?

Answer: It is highly likely that we will include support from tribal members in the region.

Pat Morello recommended the book, “Native American History for Dummies” by Stephen Spignesi.

Policy Review:

Policy 2414 – Community Service – 2nd Review

Ms. James-Wilson asked about the phrase “the board will implement an incentive program.” Discussion followed. It was decided to ask the Policy Review Committee to review this policy, and report back at a later date.

Board Member Announcements

- Anne Burkart said the WSSDA Legislative Assembly will be held September 19-21, 2013 at the SeaTac Marriott, and suggested this be a topic of discussion at the Board Retreat on September 16.
- Holley Carlson said she could not be at the Board Retreat at 4:00 p.m. The time was changed to 5-9 p.m.
- Mr. LeMaster asked about the RFP(Request for Proposal) for the Lincoln Building. Dr. Engle said a series of community forums will be held before that RFP is opened.
- Ms. Burkart asked about the Mtn. View lease with the City. Dr. Engle said that agreement is still in process.
- A service for Kathleen Burgett, High School teacher who passed away recently, will be at the Quimper Universalist Unitarian Church on August 31, 2013 from 1-4 p.m.

Adjournment: The meeting was adjourned by consensus at 9:00 p.m.

Next Meeting: Work/Study Meeting, September 9, 2013, 6:00 p.m., 1610 Blaine St., Room S-11

Respectfully submitted,

David Engle, Secretary

ATTEST: _____
Jennifer James-Wilson, Board Chair

Board Chair Jennifer James-Wilson called the meeting to order at 6:00 p.m. Present: Jennifer James-Wilson, Pam Daly, Holley Carlson, Anne Burkart, and Bill LeMaster. Also present was Superintendent David Engle, staff, and community members.

ASB Representative Cody Russell led the Pledge of Allegiance.

Approval of Agenda

Superintendent Engle asked that his assessment data report be moved to after the YMCA presentation. Pam Daly moved to approve the agenda as modified. Anne Burkart seconded and the motion carried 5-0.

Correspondence – None

Public Comments

Todd Wexman presented the board with a letter regarding restoring woodworking and automotive classes at the high school. That letter is attached to these minutes.

Presentations

Shining Star Awards – Superintendent Engle

Superintendent Engle presented Erica Delma a Shining Star Award, recognizing her extensive work with youth in the community.

Reports

YMCA – Erica Delma

Erica Delma, Kim Hammers, and Stacy Larson showed a Power Point presentation detailing some of the programs offered by the YMCA to local youth, such as the summer meals program this summer, after-school activities at Blue Heron School, and Building Futures, a school-based mentoring program. Some new programs are planned this school year, including Go Girl Go for middle school girls and a mountain bike club with the help of staff from the ReCyclery. YMCA also offers state-licensed childcare at Mountain View Commons for children ages 5-12.

Superintendent

Superintendent Engle discussed the following:

- The WSSDA (Washington State School Directors' Association) regional meeting at Crescent School District on October 12, 2013
- An article from Education Week regarding the states (Kansas, Oregon, and Washington) that applied for waivers to some ESEA (Elementary and Secondary Education Act) requirements.
- Assessment data from School Report Card on the OSPI (Office of Superintendent of Public Instruction) website. Dr. Engle presented some trend data for Port Townsend 4th and 8th graders over the last three years, explaining that many factors can affect student scores, such as a change in assessment tests, and even a change in administration at schools. Dr. Engle's presentation is attached to these minutes. Discussion followed.

Action Items

Approval of Highly Capable Program 2013-14 – Principal Lashinsky

Principal Lashinsky explained that in May, 2013, Washington public schools were informed that the WAC's (Washington Administrative Code) regarding serving highly capable students were revised (OSPI Bulletin 016-13). The biggest change is that students in K-12 grades must be tested and served beginning in the 2014-15 school year. If a district does not currently provide services to K-12 students, the district must notify OSPI that the 2013-14 school year is a transition year, in which a plan will be developed to make those changes. Port Townsend School does not currently test and serve students in grades K-12, so 2013-14 will be a transition year for the

District. The District's application for a transition year was handed out to the Board. (Attached to these minutes) Principal Lashinsky said that a committee comprised of the three school principals, the Title I director and a teacher will begin work to form a plan for the District, which likely will include a more comprehensive assessment program. State regulations require the School Board to be informed of the transition year and what work will be carried out to implement a new plan for serving highly capable students in grades K-12 beginning in the 2014-15 school year. The Board acknowledged that they have been informed of those plans and asked for regular updates on the progress of the new procedures.

Approval of the PTEA (Port Townsend Education Association) Tentative Agreement 2013-2016

Superintendent Engle explained some of the changes documented in this tentative agreement, including a new Acceptable Use Policy for staff members to sign, which addresses some new internet technology, some language around caseloads for special education staff, and a re-opening clause which allows either the Association or the District to request re-opening of negotiations if significant economic changes occur, and several other modifications.

Ms. Burkart moved to approve the PTEA Tentative Agreement 2013-2016 as presented. Ms. Carlson seconded and the motion carried 5-0.

Unfinished Business

Title IX Sports Equity Update – Principal Ehrhardt

Principal Ehrhardt answered the questions from her Title IX presentation at the last board meeting, clarifying unduplicated numbers of athletes. She also explained that the difference in the Cross-County coach's salary is because the District does not fund an assistant cross-country coach, so the present head coach chooses to give a portion of her salary to the assistant coach. Ms. Ehrhardt also reported that the swim team now includes a dive team, with practices being held at the Sequim Aquatic Center, due to the size and depth of the Port Townsend pool.

Board Member Announcements

The Board discussed the upcoming Board Retreat on September 16, 2013, 5-9 p.m., 1610 Blaine St., Room S-11. The link to the WSSDA board self-assessment will be sent to the board members as soon as possible, so they can complete that assessment by September 16.

Next Meeting: Board Retreat, September 16, 2013, 5-9 p.m., 1610 Blaine St., Room S-11.

Adjournment: The meeting was adjourned at 8:20 p.m.

Testimony
9 September 2013

Here's an idea worth pursuing. Instead of messing with salary structures as they now stand, why don't you put the monies about to be spent to more productive use---that is, create a couple of programs that could prepare students for useful work once they graduate; in, among other areas, the woodworking and restorative automotive trades.

It wasn't so long ago that students in Washington's schools were making well-designed furnishings for the home, under the tutelage of designer-builder specialists in the field. End products were offered for sale at terms end; any or all profits plowed back into the program. I, not so long ago, supplied Gene Laes with beautifully documented evidence of such. Check his files.

I'd be willing to donate time and effort, as well as a 1961 Cadillac, to the cause.

☒ District has a current HCP and will use a transition year to expand to include Grades K-12

The district will use a portion of the HCP funds to continue to offer services to identified students and for a transition year to develop HCP policy, procedures, and services for Grades K-12.

Describe the district's plan for how funds will be used to support the HCP Transition Year Plan. Provide detailed activities that will take place to develop HCP policy, procedures, and services during the transition year. The HCP must be fully implemented and serve students Grades K-12 at the beginning of the 2014-15 school year.

Students identified for the 2013-14 school year will be supported in math in 4th and 5th grades as in our previous plan. HiCap funding is used to support additional teacher time (.1 FTE) and instructional supplies.

During the 2013-14 school year, PTSD will:

Create a collaborative committee, including members from elementary, middle, and high school to expand our current program to younger and older students.

Develop an identification system that includes multiple indicators of giftedness.

Collaborate with parents and/or create a parent advisory group.

Report to the school board annually for approval of our plan and possible revision.

No current year funds will be used to support this work. District funds will support certificated representation on the HiCap planning team.

To Whom It May Concern:

I, Marcia Van Cleve, officially resign my 0.4 teaching position with the Port Townsend OCEAN Program, Port Townsend School District # 50.

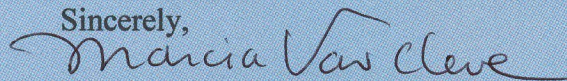

The change in the Health Insurance Policy has put my health care insurance in jeopardy. For the 2012-2013 school Port Townsend School District #50 was unable to pay the .40 portion of my health care insurance policy. My dental coverage with the district was dropped last year. That same reality is true this year. It has become apparent that I need to work in one district, full time to receive adequate health care coverage.

I have accepted a 0.4 position with the Chimacum School District #49 for the 2013-2014 school year which will give me a 1.0 position in one district. My official start day will be October 1, 2013.

It has been a professional pleasure working with the OCEAN staff - Liz Quayle and Daniel Molotsky. I have valued the collaboration and teamwork of the OCEAN teachers through the years. They are exceptional educators in a very dynamic and challenging profession. I also have appreciated the opportunity to work with wonderful families and students in the Port Townsend OCEAN Program. The OCEAN Program supports some of the most outstanding students in Jefferson County.

Thank you for your attention to the change in my participation in the Port Townsend OCEAN Program for the 2013-2014 school year.

Dr. Engle,

It is with pleasure I recommend Brady Usher to fill the 6-hour Special Education Para educator position at Grant Street. Brady was previously hired into a 3-hour position at our school and I would welcome the opportunity to expand the time he is available here to support our students. Brady will internally transfer into this position and he is well qualified to assume the responsibilities.

Dear Dr. Engle,

I recommend Robert Goff to fill the vacant 3-hour Para educator position at Grant Street. Robert already fills a 3-hour position at Grant Street and was an internal applicant for this additional time. This will give Robert a total of six hours assigned to our school. Robert has experience supervising groups of children in the preschool and public school setting. His references describe him as trustworthy, honest and great with kids. Robert has successfully completed early childhood education classes and his first aid training. Since the first day of school this year he has already provided solid support to our lunch and recess supervision.

To Whom It May Concern:

My name is Nettie Hawkins and I am currently the assistant girl's basketball coach at Port Townsend High School.

This is sadly my letter of resignation for the 2013-14 season. I will no longer be able to attain the position as I am due with my first born the beginning of January.

I hope maybe the position will open again someday and I will be able to help the program again.

Sincerely,

Nettie Hawkins

A handwritten signature in cursive script, appearing to read 'C. Ehrhardt', written over the 'From:' line of the memo.

The high school is pleased to recommend Kirsten Hammer for the position of Cheerleading Advisor/Coach for the 2013-14 school year.

While Kirsten was the only applicant received for the position, she has been acting as a volunteer coach for the cheer program since last year. She is well equipped to step into a leadership role for Cheer and is also already trained in the ASB fiscal and fundraising procedures, due to her previous volunteer work with the team.

Thank you.

Re: Blue Heron .5 Language Arts Teacher

Dr. Engle:

I am pleased to recommend Amy Tidball for the position of .4 FTE Language Arts Teacher at Blue Heron School. Amy's position will be effective September 19, servicing middle school students at Blue Heron School for the 2013-14 school year. Amy's specific assignment is to teach 2 sections of 7th grade Language Arts.

Amy is a familiar face at Blue Heron School and she is a welcome addition to our teaching staff. Last year, Amy served as a full-time substitute teacher when one of our Special Education teachers left mid-year on parental leave. Amy is currently our Girls' Volleyball Coach. Her 5 years prior experience as an elementary teacher and reading specialist will serve our 7th graders well this year.

Amy is certified K-8 and entered into an agreement with Port Townsend School District to complete a specific plan to take the West-E in middle Humanities – ELA to become highly qualified. We have agreed on a test date that assures us of her being highly qualified by the end of October. I have little doubt that this is nothing more than a formality for Amy to accomplish.

Members of the interview committee included Melissa Nagy, Melinda Schroeder, and George Oswald – all of whom will be teaching colleagues with Amy this year in English Language Arts. After interviewing several candidates and careful consideration, we unanimously agreed that Amy will be an asset to the students and staff at Blue Heron.

Thank you,

Dr. Diane Lashinsky
Principal, BHS

Superintendent Engle,

It's come to my attention that board [Policy 1115](#) contains a reference to an apparently non-existent policy (Policy 1405).

Please bring this to the attention of the district's Policy Review Committee when/if that committee meets.

Thank you.

Dear Mr. Eagle & PTSD School Board Members,

It was an honor to receive
the Shining Stars award. Thank you.
Please know that I will continue to
support education, especially in the arts,
for all Port Townsend students. I'm
excited about your new ideas for
re-invigorating education in Port
Townsend & hope to be a contributor
in some way. Sincerely, Matthew Writely

Score Data and School Improvement
Focus for 2013-2014

Carrie Ehrhardt
9/23/13

Presentation Assumptions

- High school data has been reviewed at building/program/individual levels
- High school data includes PTHS, ICE and MarVista programs
- Score data must be disseminated from the raw state score to fully identify areas of strength and areas of deficiency
- Score data for special programs may require different interventions as we move towards continued improvement

Learning Targets:

- Become knowledgeable of the district's high school score data
- Understand linkages between data scores, improvement plan targets and teacher collaboration goals
- Identify the connections between how we use our data to plan for instructional improvement, which is connected to our district's mission and core principles.

Improvement Focus for Math

- Use CCSS aligned common assessments for Algebra 1, Geometry, and Algebra 2. Analyze the data and share in monthly team meetings.
- Continued focus on standards based teaching for math (data and statistics to be given additional attention for 2013-14)
- Provide professional support for our new math teachers.

CHANGES FOR 2013-2014

- Schedule adaptations to better meet the needs of students:
 - Shorter block period (90 minutes instead of 120 minutes)
 - Better use of early release Wednesday
 - Instructional Seminar classes
 - Added AP Statistics onto the master schedule
 - Added French 3 & 4 and Spanish 3 & 4 onto master schedule
- Format changes to MarVista
 - All courses taught by certified teachers (not just highly qualified)
- Professional Development linked to TPEP goals and District Core Principles
- CTE Foods Courses are 'going organic', with a focus on sustainability

2013-2014 Port Townsend High School Continuous School Improvement Plan

Principal: Carrie Ehrhardt

Date: September 18, 2013

Vision Statement:

Port Townsend High School is an academically-rigorous learning community which values individuality, respects diversity, inspires all students to become life-long learners, and prepares them to engage in their local and global communities.

Mission Statement:

Port Townsend High School staff, parents, students and community create a safe, respectful environment where all students are challenged to become learners, achievers and responsible citizens.

Desired Learning Outcomes:

Upon graduation from Port Townsend High School, students will:

- Think logically, analytically, and creatively to form reasoned judgments and become effective problem solvers and decision makers
- Will have a solid foundation of subject area knowledge across disciplines
- Acquire skills in writing, reading, computation, technology, communication, research and organizational skills
- Develop and reflect inter-personal skills that lead to tolerance, respect, integrity, and responsibility toward others in the local and global community
- Will be prepared for the future with a solid base of employment skills and work ethics
- Will take an active role in their community

At PTHS, we committed to making education our first priority. We are focused on high quality instructional practices and provide a learning environment that is emotionally and physically safe, and which reinforces responsibility, accountability and communication between students, parents and staff.

Motto: Together We Can!

School Wide Reading Goals and Implications for Instruction:

- Reach 100% mastery on the HSPE in reading.
- Revisit instructional practices that strengthen both literary and information text standards in the English classrooms, in preparation for transitioning to Common Core State Standard exit exams in 2015.
- Provide training for all instructors, so that they are more explicit in teaching reading of informational text and analysis to students across all academic areas.
- Review all non-fiction text taught in grades 9-12, to review for relevance and CCSS support.

- Provide training for all instructors, so that they are more explicit in teaching reading of informational text and analysis to students across all academic areas.
- Review all non-fiction text taught in grades 9-12, to review for relevance and CCSS support.

ACTION PLAN - READING

Goals	<ul style="list-style-type: none"> • Reach 100% mastery on the HSPE in reading. • Revisit instructional practices that strengthen both literary and information text standards in the English classrooms, in preparation for transitioning to Common Core State Standard exit exams in 2015. • Provide training for all instructors, so that they are more explicit in teaching reading of informational text and analysis to students across all academic areas. • Review all non-fiction text taught in 9-12, to review for relevance and CCSS support. 			
Data Analysis	While reading scores for 10 th grade have been consistently above state averages, there are no trends showing continuous improvement in the sub-strands. Data is ‘all over the place’. However, of the student population who tested, almost all students met standard.			
Strategy	Support a school-wide focus on reading authentic text in all content areas. Incorporate materials that will support the transition to Common Core ‘informational text’			
Evidence of Achievement	10 th grade students will meet standard on the 2014 HSPE in reading, according to the target goals set in strand specific areas (see page 3).

ACTION PLAN - WRITING

Goals	<ul style="list-style-type: none"> • Reach 100% mastery on the HSPE writing exam • Revisit instructional practices that strengthen use of writing in all core content classes • Evenly support writing focus on both explaining and persuading in English, as well as social studies and science classes, using data from multiple resources (CCSS) • Provide training for all instructors, so that they are more explicit in teaching writing in their content areas, including conventions • Provide training for all instructors on organizing student writing for content and style, throughout the core content areas. 			
Data Analysis	While PTHS writing scores have been consistently at or above the state averages, the 2011 scores dropped below previously achieved levels. There must be a renewed commitment from all instructional staff to teach writing processes within their content areas.			
Strategy	Utilizing increased professional development opportunities among the staff, all teachers will receive instruction in improvement strategies for writing across the content areas, with a focus on the CCSS.			
Evidence of Achievement	10 th grade students will meet standard on the 2014 HSPE in writing, according to the target goals set in strand specific areas (see page 6).

School Wide Science Goals and Implications for Instruction:

- Continue use of BSCS science series for Science I and Science II
- Continue to refine spiral of Science I and Science II in response to EOC data and available resources
- Improve inclusion of STEM in instruction, especially use of probe-ware and real life applications
- Create benchmark assessments as EOC items are released to help guide instruction
- In collaboration with administrators, SPED, and Alternative Ed, design a program to support students who fail the EOC during their sophomore year.
- Develop list of specific content that can be reinforced during instruction in other content areas, especially in Health and Life Skills
- Maintain high correlation between performance in Science I and II and performance on EOC

ACTION PLAN - SCIENCE

Goals	<ul style="list-style-type: none"> • Work in department (and if available, vertical teams) to prepare all grade bands as well as Science 1, Science 2, Environmental Studies, Marine Biology, Chemistry and Physics to adopt Next Generation Science Standards according to the OSPI adoption schedule. • Use curricular supports and collaboration with English, Special Education and Math departments to improve student ability to read and understand informational text in all science classes and create support for students who have been identified as being at risk for failing the EOC. • Continue the current trend of improvement in all strands on the EOC biology exam • Receive COE and Next Generation Science Standards professional development at Regional NSTA Conference and at PLC meetings throughout the 2013-2014 school year. • Connect with Blue Heron School on Project Lead the Way and STEAM initiative. • Develop common scientific practices, and common assessments of science practices aligned with Next Generation Science Standards to promote student growth in scientific reasoning in all science classes, preparing them for college, career and life beyond high school • Participate in the WA Science and Engineering Fair during 2013-14 				
Data Analysis	Review of EOC scores show that PTHS outperformed the state in all science strands.				
Strategy	EOC strand data will be compared to previous years to determine effectiveness of interventions. Data gathered from common assessments of science practices will be compared to look for improvement following modification of instruction.				
Evidence of Achievement	10th grades students will meet standard on the 2014 EOC in science, according to the target goals set in strand specific areas. Passage rate should demonstrate high correlation between performance in Science 1 and Sci. 2.

PTHS Student Growth Goal Collaboration Teams

Team Focus:	Team Members:	
Mathematics Instructional Improvement	<u>Dave Thielk</u> Judy Cowling Rene Olson	Jim Miller Brandi Hageman Liz Quayle (ICE)
<p><u>Description of Team Goal:</u> Student assessment data will show continued growth in two of the eight Mathematical Practices (Common Core Mathematics Standards).</p> <ol style="list-style-type: none"> 1. Model with mathematics 2. Construct viable arguments and critique the reasoning of others. <p>Currently the math department has common unit assessments for Algebra 1, Geometry, and Algebra 2. To assess the achievement of this goal, we will include an assessment item that addresses both of these Mathematical Practices on each of the common unit assessments in these three courses. We will use student results on these assessment items to measure student progress with these standards over time.</p> <p>Each member of the team will focus on one class period collectively, as well as two students individually within that class over the course of the inquiry cycle. There will be at least three data collection points during the inquiry cycle.</p> <p><u>Link the team goal to our School Improvement Plan or District goals:</u> The SIP for math are focused on continued alignment to the CCMS. One aspect of this is to improve the alignment of assessments to the Common Core. This goal also fits with our department goal of writing high quality, Common Core aligned assessment items.</p>		
Team Focus:	Team Members:	
Differentiation of Instruction for students in World Language classes	<u>Teresa Janssen</u> Cara Kasperson	
<p><u>Description of Team Goal:</u> We will be focusing on improving our instruction and assessment of spoken world languages, through utilizing differentiated instructional practices to better address the diverse learning needs of our students. Additionally, we will be supporting each other in our individual goals, respective to the comprehensive evaluation process.</p> <p><u>Link the team goal to our School Improvement Plan or District goals:</u> Supporting the District's core principle on a learner-focused education for each student. Our focus on differentiating instruction links to the broader school goal of using research based practices in the classroom.</p> <div style="text-align: right;">  Continued On Back </div>		

Team Focus:	Team Members:	
Students self assessment and self reflection, in correlation with the CEL 5D+ Framework Group 1	<u>Benjamin Dow</u> Julianne Dow Scott Ricardo Tom Gambill	Jennifer Nielsen Gina McMath Chris Pierson Darlene Marmol
Group 2	<u>Tanya Rublaitus</u> Jim Guthrie Jennifer Kruse	Tye Hillger Luci Chambers Mark Welch
<p><u>Description of Team Goal:</u> Our teams will focus on increasing attention to student self-reflection in correlation with two of the CEL 5D+ criteria:</p> <ol style="list-style-type: none"> 1. A5: Students assess their own learning in relation to the learning target, and 2. SE2: Ownership of Learning – Teacher provides opportunities and strategies for students to take ownership of their learning. <p>Each teacher will create processes and opportunities for self-reflection throughout the year. Students' self-reflection and (rubric) self-assessment will be used to help create a road map towards growth and mastery of skills outlined in the Common Core Standards.</p> <p>Teachers will collaborate in the creation of these opportunities, and/or share what types of student self-reflection and self-assessments are working in their classrooms.</p> <p><u>Link the team goal to our School Improvement Plan or District goals:</u> Our goal supports the district Core Principles:</p> <ul style="list-style-type: none"> • Learner-focused education for each student • Accountability – set high expectations and achieve them • Continuous improvement • Culture of common purpose and interdependence 		
Team Focus:	Team Members:	
Science Instructional Improvement	<u>Lois Sherwood</u>	Tim Behrenfeld
<p><u>Description of Team Goal:</u> Team will complete a thorough data review of the student and strand specific data from the 2013 EOC, and determine how to modify instruction to improve student proficiency in deficit areas. We will use COE and EOC templates to create formats for instruction in inquiry, field study, and application that can be applied to a wide range of content standards. We will use the formats for formative assessment and look at student work both at the beginning and the end of a unit of study using performance level descriptors to evaluate student comprehension. We will review NGSS processes, especially asking questions (for science) and defining problems (for engineering), as well as developing and using models.</p> <p><u>Link the team goal to our School Improvement Plan or District goals:</u> This reflects our school initiative to develop assessments, which are aligned with the Next Gen. Science Standards and will promote student growth in scientific practices.</p>
